### **DETAILED ACTION**

This Office action is responsive to applicant's amendment filed December 23, 2008. In view of applicant's amendment, the objection to claims 1-6, the objection to the specification and the rejection of claims 3-5 under 35 U.S.C. 112, second paragraph, are withdrawn.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-33 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The following recitations are noted to lack antecedent basis: "the medium" and "the side" in lines 6 and 8 of claim 1, respectively; "the valve" in line 4 of claim 3; and "its radially offset cylindrical region" in line 3 of claim 8.

Regarding claim 1, the phrase "for example" in line 2 of the claim renders the claim indefinite because it is unclear whether the limitation(s) following the phrase are part of the claimed invention. See MPEP § 2173.05(d).

The term "long" in line 2 of claim 8 is a relative term which renders the claim indefinite. The term "long" is not defined by the claim, the specification does not provide a standard for ascertaining the requisite degree, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention.

Art Unit: 3753

The term "excellent" in claim 9 is a relative term which renders the claim indefinite. The term "excellent" is not defined by the claim, the specification does not provide a standard for ascertaining the requisite degree, and one of ordinary skill in the art would not be reasonably apprised of the scope of the invention.

***Allowable Subject Matter***

Claims 1-33 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
